EXPRESS LAVATORY DECKS

Bradley Express® lavatory decks provide the complete package and deliver incredible value where it matters most — high durability, fast installation, easy maintenance and stylish design. The perfect alternative to china sinks and laminate countertops, these lavs provide a hygienic handwashing solution that meets the high demand of today's commercial restroom. Day in and day out.

Made of durable and repairable Terreon® solid surface material, Express lavatory decks are vandal resistant and last the life of the building. Seamless construction eliminates mold and delamination, while gentle curves inside the basin make them a breeze to clean and maintain.

Terreon®

TERREON® SOLID SURFACE

Terreon® solid surface and Terreon®RE recycled solid surface last a lifetime and can easily be repaired and renewed, thus minimizing the need for replacement or disposal. Terreon is a nonporous material which means that it will not support the growth of mold, mildew or bacteria, all substances that can adversely affect indoor air quality. Terreon is certified to meet the highest industry quality and performance standards for solid surface materials.

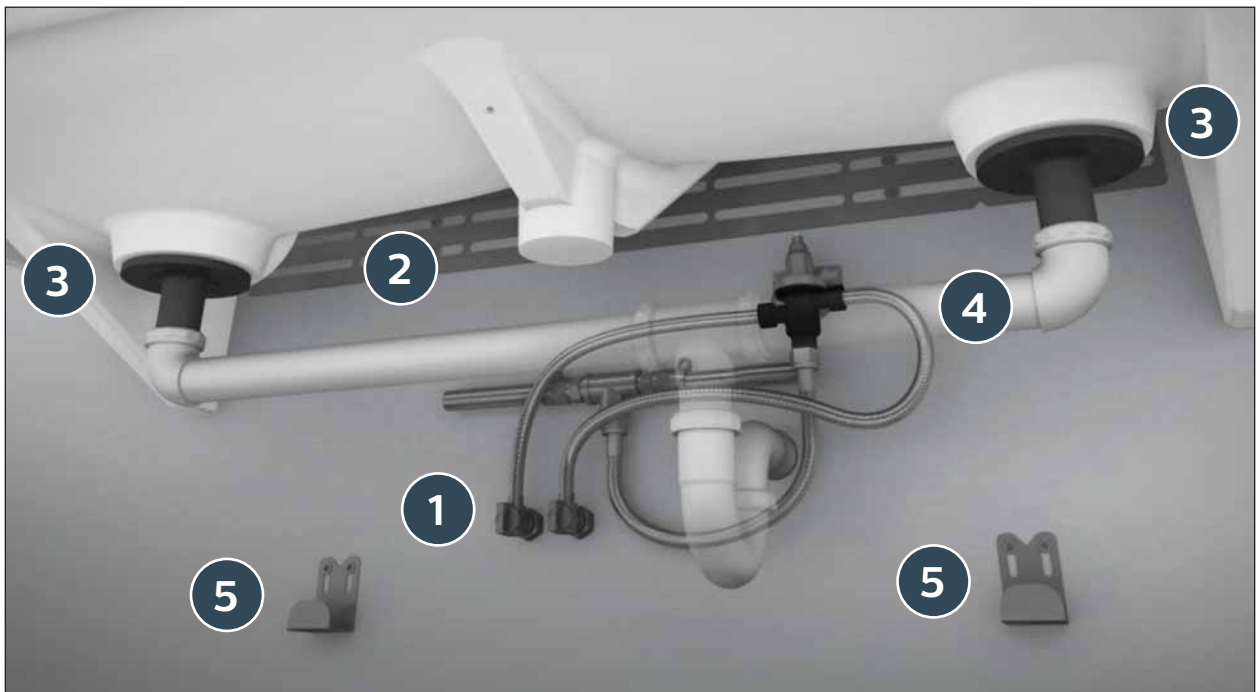

MAXIMUM DESIGN FLEXIBILITY

Express lavatory decks are available in a suite of designs and full line of colors to provide flexibility for a variety of applications — schools, retail, office buildings, government facilities and transit centers. Single-station models are also a great fit for high traffic single user toilet rooms in convenience stores and fast casual restaurants.

Complete the look with Bradley's touchless Verge® soap and faucet sets available in 6 finishes, or the elegant WashBar® Duo. Bradley's top fill multi-feed soap system is also available on 2 and 3 person models to provide greater maintenance and soap savings.

Fewer plumbing connections and unique mounting features make Express lavs easy to install for new construction or retrofit projects.

- 1 Single set of supplies and single drain rough-in
- 2 Unique mounting plate speeds up installation
- 3 Integral mounting supports eliminate in-wall carriers
- 4 Valve, supply and drain assemblies included
- 5 Custom brackets allow for swing down access panel to easily service and maintain components
