7B1 Series
Elvari™ Frame & Frameless Mirrors

Key Features

- High quality glass and modern style complements other Elvari™ products
- Seamless welded stainless steel frame
- Radiused corners for a softer design
- Concealed, tamper-resistant mounting bracket
- Optional stainless steel shelf that easily mounts to or detaches from mirror mounting bracket
- Vertical mounting only

Frame Mirror with Shelf

Frameless Mirror with Shelf

Guide Specification

Frame and frameless mirrors shall be high quality 1/4" flat glass, guaranteed for 15 years against silver spoilage. Radiused corners and edges ground and polished smooth. Vertical mounting only. Frame mirrors feature 20-gauge stainless steel frame in brushed #3 satin finish or optional electrocoat finishes. Available with an optional 16-gauge, 300 series stainless steel shelf in a brushed #3 satin finish. Shelf is 5-1/2" deep, lengths vary based on mirror width. Tamper-resistant mounting. Mirror can be removed using removal tool #330-074 (order separately).

Product Compliance

Complies with

- ADA

Listed by UL Environment to

- GreenGuard Gold

☑ *Consult local and national accessibility codes for proper installation guidelines. Conformity and compliance to local national codes is the responsibility of the installer.*

Optional Electrocoat Finishes

Bradley offers an exclusive, proprietary electrocoat color process on the Elvari frame mirror and shelf models and the frameless mirror shelves. Unlike powder coating, color is applied to the entire stainless steel part using a submersion process with electrically charged particles. This process results in a precise film thickness across all surfaces, allowing the grain of the stainless steel to show through.

Electrocoat provides complete coverage to the part and has environmental advantages such as no or low-VOC and HAPs (Hazardous Air Pollutants), heavy metal-free products, and minimum waste discharge. Bradley's electrocoat is durable and easy to clean as well as fingerprint, stain and corrosion resistant. A UV light stabilizer additive enhances resistance to weathering and color fade.

Products are performance tested for adhesion following ASTM D3359-22 and impact resistance following ASTM D2794.

Refer to the table below for information on which Series Type(s) are available with the electrocoat finishes.

Series Type	Available with Electrocoat Finishes	
	Yes	No
Frame	X	
Frame with Shelf	X	
Frameless		X
Frameless with Shelf	X *	

*** Electrocoat finishes only available on shelf.**
